Press release Devote Clothing Ltd

5th October 2007

D.vote has started trading this year and will be launching its new label at The Xpo 2007. We specialise in high quality latex clothing (mostly for men) and have designed an exclusive range of hoods and masks for fetish play for all. In our next stage of production we will be introducing more play items, such as cat suits, bondage bags, straight jackets, and some interesting larger stuff, including inflatable's.

Our aim is to produce quality garments with a wide choice of styles that reflects the changing tastes within the fetish world. All of D.vote's branded products are designed and made in house at our workspace in Shoreditch, London, where our showroom is situated for the wholesale market. We sell to our retail customers through our website which is about to be launched. www.dvote.com will offer a growing selection of complimentary products for the fetishist for an all round shopping experience. We also provide a 'Made to Measure' service and can create special custom designs for our customers. So if you need something special, just give us a call to book an appointment where we can elaborate your idea, propose an exclusive design and devote our time on you!
